MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Meeting with the President, 22 April 1986, re Tokyo Summit

1. You have been invited to attend a meeting in the Oval Office at 1045 this morning re the forthcoming Tokyo Summit. Also present will be: the Vice President; Secretary Shultz; Secretary Baker; Secretary Weinberger; Chief of Staff Regan; NSC Adviser Poindexter; and Assistant Secretary of State Ridgeway.

2. The purpose of the meeting is for the President and the assembled to hear Secretary Shultz' briefing of the political issues expected to come up at the Summit. (No other individuals are being asked to make a presentation.) The issues Shultz is expected to touch upon include:

- East/West concerns;
- Regional concerns;
- Terrorism;
- Narcotics.

3. Essentially, the subjects to be covered derive from those discussed at a recently completed OECD meeting (17-18 April) on political matters. It is possible Shultz may touch on South Africa, although it has been agreed (presumably at the OECD meeting) that this will not be raised at the Summit. Also, Shultz may mention his thoughts re a Middle East development plan.

4. No intelligence briefing is expected. It is quite likely, however, that you will return from this meeting with additional insight re what intelligence support might be appropriate leading up to the Summit (e.g., in PDB, special memos, etc.).
